

Human Firewall Training

Strengthen your team's security awareness culture

68% OF ALL RANSOMWARE ATTACKS ARE CAUSED BY EMPLOYEES CLICKING ON SOPHISTICATED PHISHING ATTACK EMAILS.

Teach your employees how to spot the patterns and reduce your cyber risk exposure, empowering them to defend against potential threats.

Don't wait for a breach to happen—reach out to a Sunwire expert today to learn how we can strengthen your security culture with customized training and support.

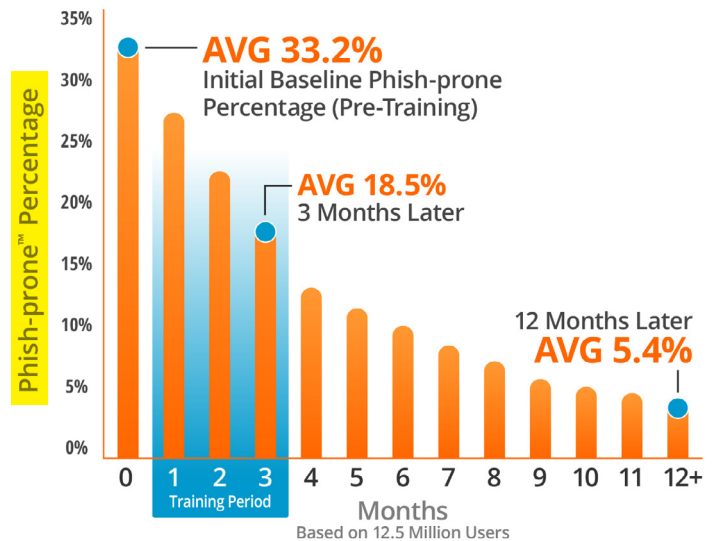

ORGANIZATIONAL CYBERSECURITY BEGINS WITH ORGANIZATIONAL TRAINING

Visible Proof that Human Firewall Training Works

When properly trained, your people become your best form of firewall - left untrained, your people can become your biggest security hole. Teach your employees how to spot the patterns and reduce your cyber risk exposure.

When you invest in Cybersecurity Awareness Training, you see value and ROI - fast. According to Forrester's Total Economic Impact of the cybersecurity awareness training platform sold by Sunwire, one enterprise organization experienced a **three-year ROI of 276%** with a payback in less than 3 months.

YOUR RISK

Source: 2023 KnowBe4 Phishing by Industry Benchmarking Report.

Note: The initial Phish-prone Percentage is calculated on the basis of all users evaluated. These users had not received any training with the KnowBe4 console prior to the evaluation. Subsequent time periods reflect Phish-prone Percentages for the subset of users who received training with the KnowBe4 console.
